

The International Conference on coupled processes in fractured geological media: observation, modeling, and application invites you to Wuhan, China, November 12-14, 2018. The conference will focus on new and exciting advances in all areas of coupled processes associated with fractured geological media, including numerical methods, in-situ tests, lab experiments and applications to different subsurface engineering activities. The CouFrac2018 consists of oral and poster presentations, a panel discussion and six keynote presentations. Selected papers will be submitted for inclusion in special issues of major international journals.

Subject Area

Numerical modeling	Lab and in situ testing
Nuclear waste disposal.	Geothermal exploitation
Mining engineering.	Petroleum engineering
Shale gas exploitation	

Chair

Jonny Rutqvist, Lawrence Berkeley National Laboratory, USA

Co-chairs

Ki-Bok Min, Seoul National University, Korea
Pengzhi Pan, Institute of Rock and Soil Mechanics, CAS, China
Mengsu Hu, Lawrence Berkeley National Laboratory, USA

Organized by

State Key Laboratory of Geomechanics and Geotechnical Engineering, Institute of Rock and Soil Mechanics, CAS

May 18, Deadline for Abstract submission

June 1, Notification to authors on acceptance

August 17, Deadlines for Extended Abstract submission and Early Registration

October 1, Deadline for Regular Registration

November 1, Deadline for Late Registration Fee

Website: <http://www.coufrac2018.com>

Panel Discussion

Past, Current and Future of Coupled Processes in Fractured Rock

Host:

Jonny Rutqvist (Chair)

Xia-Ting Feng, Institute of Rock and Soil Mechanics, CAS, China

Honorary guests

Chin-Fu Tsang, Lawrence Berkeley National Laboratory, USA

Ove Stephansson, GFZ German Research Centre for Geosciences, Germany

Maurice B. Dusseault, University of Waterloo, Canada

Robert Zimmerman, Imperial College London, UK

Keynote Speakers

Maurice B. Dusseault, University of Waterloo, Canada

Derek Elsworth, Pennsylvania State University, USA

Yves Guglielmi, Lawrence Berkeley National Laboratory, USA

Laura J. Pyrak-Nolte, Purdue University, USA

Carl I. Steefel, Lawrence Berkeley National Laboratory, USA

Dongxiao Zhang, Peking University, China

Awards

Chin-Fu Tsang Coupled Processes Award

International Scientific Advisory Committee

Jens Birkholzer

Maurice B. Dusseault

Xia-Ting Feng

Manchao He

Lanru Jing

Joseph Morris.

Laura J. Pyrak-Nolte.

Serge Shapiro

Carl I. Steefel.

Chun'an Tang

Dongxiao Zhang.

Patrick Dobson

Derek Elsworth

Yves Guglielmi

Takatoshi Ito

Olaf Kolditz

Yuzo Ohnishi

Patrick Selvadurai

Baotang Shen

Ove Stephansson

Chin-Fu Tsang

Robert Zimmerman
